

Drew Ramboer

Aerospace Engineering Student

Davisburg, Michigan, USA | (248) 660-7017 | drewramboer@gmail.com | dramboer.github.io

Education

University of Alabama in Huntsville

Huntsville, AL | Aug 2025 – May 2029

- Bachelor of Science in Aerospace Engineering (GPA: 3.33/4.00)
- Coursework: *Multivariable Calculus, Physics, Intro to Computing, Chemistry*

Lakeland High School

White Lake, MI | Sep 2021 – May 2025

- GPA: 4.18/4.00, Summa Cum Laude, AP Scholar with Distinction, Honor Roll, Debate Club

Experience

Fluids & Structures Team | Tartarus, Space Hardware Club

Huntsville, AL | Nov 2025 – Present

- Supported rocket engine development by conducting hydrostatic proof testing on ground support equipment plumbing at pressures exceeding nominal operating conditions, validating performance

Mechanical Team | Two Month, Space Hardware Club

Huntsville, AL | Aug 2025 – Nov 2025

- Designed nosecone, fins, camera aero cover, and mounting structure for a high-power rocket in Onshape
- Led OpenRocket flight simulations to verify stability margin up to Mach 0.8 and predict apogee, velocity, acceleration profile, and descent rates
- Fabricated components via 3D printing, performed fiberglass-epoxy layup on nosecone for improved structural rigidity, and integrated into flight-ready vehicle

Founder and President | LHS Rock Climbing Club

White Lake, MI | Sep 2024 – Jun 2025

- Drafted educational materials and led group-wide discussions at weekly meetings
- Met at climbing gym and developed climbing skills in a collaborative group setting

Photographer | Drew Ramboer Photography

Davisburg, MI | Apr 2020 – Jan 2025

- Founded and operated a premium photographic print business for my nature photography
- Designed and maintained business website to sell photographic prints and other related products
- Learned and executed social media marketing tactics to boost sales and engagement

Skills

Software: Onshape, Python, MATLAB, GitHub, Git, Microsoft Excel, VS Code, Adobe Lightroom, DaVinci Resolve, 3D Printing

Abilities: Team Leadership, Time Management, Quick Learner, Financial Market Analysis

Languages: Native English, Limited Working Spanish

Projects

Personal Website (HTML, CSS, JavaScript): Created a visually appealing, responsive personal portfolio website to showcase web design capabilities in vanilla frontend languages

Task Manager (Python): Developed a colorized CLI task management application for adding and viewing tasks, and marking tasks as completed. Used modular architecture according to OOP principles to ensure extensibility and maintainability

Interests

Rocket Science, 3D Printing, Stock/Options Trading, Rock Climbing
